

Concepts and Model Organisms in Regenerative Biology

Satellite Short Course of the Fifth International Meeting of the Latin American Society for Developmental Biology

November 2 –11, 2010.

Facultad de Ciencias Biologicas, Pontificia Universidad Católica de Chile,
and Universidad de Chile, Santiago, Chile

Organizers: Richard Harland, Ida Chow, Juan Larrain, Miguel Allende

Confirmed Faculty

Miguel Allende (Universidad de Chile, Chile)

Richard Behringer (University of Texas MD Anderson Cancer Center, USA)

Philipp Benfey (Duke University, USA)

Siobhan Brady (University of California-Davis, USA)

Ida Chow (Society for Developmental Biology, USA)

Katia del Rio-Tsonis (Miami University at Ohio, USA)

Brigitte Galliot (University of Geneva, Switzerland)

José García-Arrarás (University of Puerto Rico-Rio Piédras, Puerto Rico)

Richard Harland (University of California-Berkeley, USA)

Kristen Kroll (Washington University, USA)

Juan Larraín (Pontificia Universidad Católica de Chile, Chile)

Ken Poss (Duke University, USA)

Janet Rossant (Hospital for Sick Children, Canada)

Alejandro Sánchez-Alvarado (HHMI, University of Utah, USA)

Jonathan Slack (Stem Cell Institute, University of Minnesota, USA)

Allan Spradling (HHMI, Carnegie Institution for Science, USA)

Elly Tanaka (Center for Regenerative Therapies, Germany)

Panagiotis Tsonis (Center for Tissue Regeneration and Engineering, University of Dayton, USA)
