

Germ Cells

Satellite Symposium to
SDB and Japanese SDB Joint Meeting
August 5, 2010
Albuquerque, New Mexico, USA

Organizers: Ruth Lehmann, Yumiko Saga

Akira Nakamura (JAPAN): Regulation of early transcripts in Drosophila Primordial Germ Cells

Alex Bortvin (USA): Murine piRNAs - not so small after all

Allan Spradling (USA): Soma-germline interactions during Drosophila oogenesis

Kazuya Kobayashi (JAPAN): Sexual induction in the asexual form of the planarian

Kunio Inoue (JAPAN): Control of germline/somatic cell distinction by miRNA in zebrafish

Mary Mullins (USA): Establishment of oocyte polarity in zebrafish

Satomi Miyagawa (JAPAN): piRNA and gene silencing in spermatogenesis

Ruth Lehmann (USA): Germ cell formation and migration in Drosophila

Yumiko Saga (JAPAN): Male germ line development in mice

Additional talks will be selected from submitted abstracts of participants
