INFORMATION REGARDING ABSTRACT SUBMISSION

Submission of abstracts is only available electronically via a secured site. The **deadline for receipt** of abstracts is close of business **March 21, 2011** (5 PM East Coast Time). You may be the first author or presenter of **one** original research paper only. You may be the first author of a second abstract if it is an **Education** poster. There is a \$35 non-refundable handling fee for each abstract. We recommend use of PC and Internet Explorer (IE) version 5.5 or higher for abstract submission. Some versions of Mac and other browsers may not be supported.

Requests for **abstract withdrawal** must be made in writing by fax (301-634-7825) or by email (sdb@sdbonline.org) by **April 25, 2011**. Please include abstract control number in the request.

About 30 abstracts will be selected for platform presentations (short-talks) at the concurrent symposia sessions. Symposia chairs and meeting organizers will make these choices and selected authors will be notified in late May. **Only current SDB members** (2011 dues paid in time to be included in the membership database **before** abstract submission) may request consideration for oral presentations. The member may enter up to two choices of concurrent sessions for short talk consideration on the electronic Abstract Submission Form.

Students who are **first authors** and **current SDB members in good standing** (2011 dues paid in time to be included in the membership database **before** abstract submission) are eligible for the Best Student Poster Competition by checking the appropriate box. Please see the enclosed information on the Poster Competition for details.

Postdoctoral members in good standing (2011 dues paid in time to be included in the membership database **before** abstract submission) may request consideration for a short talk in the Hilde Mangold Postdoctoral Symposium. SDB 2011 Regional meeting postdoctoral winners will automatically be considered for a slot in this session. All 8 postdoctoral talks will be judged for the Best Postdoctoral Presentation Award.

Abstracts will be included in an August issue of *Developmental Biology*, published by Elsevier. The online abstract submission form will prompt you to accept the Elsevier License Agreement (please see below). You must accept this agreement in order for your abstract to be published. If you do not wish to accept the agreement, you may still submit your work now and be assigned for poster presentation. The abstract will not be published in *DB*.

Late abstracts are subject to space availability and we highly recommend submitting your abstract by the March 21 deadline to guarantee a slot. Please check the meeting website, www.sdbonline.org/2011Mtg.htm, for updates and instructions regarding late abstract submission, after May 10, 2011.

NOTE: It is solely the authors' responsibility to abide by standard regulations for animal care and use, as well as to abide by regulations for use of human subjects. **All named authors** share this responsibility and submission of the abstract confirms acceptance of this responsibility.

ABSTRACT SUBMISSION INSTRUCTIONS

The total number of characters must not exceed 1750 in the body of the abstract. Spaces and punctuation marks are included in this count. If a warning of over the count limit appears and you are sure the count with spaces should be less, we recommend saving the document as a text file, then cut the body of the abstract and insert into the abstract box. Sometimes hidden codes are inserted into Word documents (without the author's knowledge) and this adds to the characters count. Also, use single space and do not re-enter the abstract title, authors and affiliations into the body of the abstract.

1. These abstract submission forms are new and payment of a \$35 non-refundable processing fee is required **before** abstract is entered. VISA, MasterCard, American Express, and Discover will be accepted. This is a secured server. Each author may present **only one** abstract (except for a second Education poster – please contact SDB office on this option).

INFORMATION ABOUT HILDE MANGOLD POSTDOCTORAL SYMPOSIUM

The Hilde Mangold Postdoctoral Symposium offers an opportunity to ALL participants to listen to some of **the best** selected from abstracts submitted by these junior investigators. Only current (2011 membership dues paid) postdoctoral

members at the time of abstract submission are eligible to request consideration for a short talk at the Symposium. The winning abstracts by the best postdoctoral presenters at each SDB 2011 Regional Meeting are automatically entered into this pool for review and selection, forging a close connection among the SDB regional and annual meetings.

The two Symposium co-chairs, selected by the Program Committee will have the opportunity to learn about the peer-review process, session organizing and chairing skills. A BOD member volunteers to mentor this process. Principal investigators/ lab chiefs/ faculty find this a very good occasion to recruit and evaluate potential candidates for positions in their laboratories or department.

Since 2010, the Best Postdoctoral Talk Award has been given to the top speaker as judged by a committee. This award (up to \$1,500) gives the winner the opportunity to attend a course or meeting of his/her choice, upon approval.

THE 2ND FACULTY REBOOT CAMP

This Re-Boot Camp is designed for mid-career faculty currently taking stock of their career paths and considering making a change or two to enhance the fit between self and work. The workshop-style camp will feature resource persons who will describe a) cyber- and gadget-savvy teaching approaches and learning assessment techniques; b) an award-winning approach to mentoring female students with promise for careers in science, technology, engineering and mathematics; c) a successful strategy for re-defining the focus of one's research program; c) strategies for identifying appropriate granting programs; and d) changing gears from a faculty career to a career in academic administration. Helpful source materials (books, handouts) will be provided. At the start of the workshop, participants will participate in a Myers-Briggs Type Indicator Assay, to better appreciate the frequently subconscious ways that people use in making decisions. Each Re-Boot Camper will receive an interpretive report of his or her decision-making style from a certified MBTI interpreter.

This year's Re-Boot Camp, which runs from 20 to 21 July, is being offered by SDB's Professional Development and Education Committee, with partial support from our official journal *Developmental Biology* and contributions from the Howard Hughes Medical Institute.

Attendance is limited to 20 current SDB members (2011 dues paid), with priority given to more senior faculty. (New and junior faculty are encouraged to consider attending *Boot Camp for New Faculty* given in alternating years. Both Boot and Re-Boot Camps are offered free of charge and campers may be eligible for SDB subsidy for one-night housing.) Participants are responsible for their travel and meeting expenses as registration at the SDB annual meeting (July 21 to 24) is required. Application for [Teaching Faculty Travel Grant](#) is recommended to help offset meeting expenses. Please submit the completed [Application Form](#) to SDB by **May 31, 2011** by FAX (301-634-7825) or email (sdb@sdbonline.org) with "Re-Boot Camp" as subject title.

INFORMATION REGARDING BEST STUDENT POSTER COMPETITION

Eligibility requirements:

1. The **first/presenting** author must be a **current SDB member** and be an undergraduate or a graduate student.
2. The author must check the Best Student Poster Competition box on the online abstract submission form when submitting the abstract. This box is only available to student members who are on the membership database. Membership renewal takes 2 (two) business days to process. New membership applications are reviewed mid and end of each month. Please allow enough time for processing before submitting your abstract by the deadline. Late abstracts are not eligible for this competition.

Guidelines for evaluating the posters:

Depending on the number of submissions, the judges may need to do a preliminary selection based on the quality of the abstracts. It is thus highly recommended that the abstracts be as informative and with as much data as possible.

Statements such as "data to be presented and discussed" will not score high.

Below are criteria for evaluating the posters which may be helpful in preparing your presentation.

1. Quality of Science:
 - Logic and rationale for study
 - Documentation of results
 - Quantification
 - Conclusions appropriate from the data
 - References cited where necessary
2. Impact on the field
3. Innovativeness of approach
4. Usefulness of a new technique
5. Appropriateness of the study organism for addressing the questions
6. Clarity of presentation and ease of reading
7. Number of authors on the paper
8. The intellectual input of the first author (judged in part by talking to the author and in part by analysis of other posters from the same laboratory).

INSTRUCTIONS FOR EFFECTIVE POSTER PRESENTATIONS

1. The poster board size is approximately 4 ft (height) by 6 ft (width) or 1.2 m by 1.8 m.
2. A label with the abstract program number (to be provided on the program assignment email at a later date), title, authors, and affiliations should be posted at the top of the poster board.
3. Charts, drawings, illustrations and text should be easy to read from about a 3 ft (1 m) distance.
4. Check spelling and abbreviations.
5. Post a copy of your abstract (original or corrected, as appropriate).

6. Do not overload the poster board.
7. If necessary, use numbers, letters or arrows to direct sequence of panels on the board.
8. Do not draw or write on the poster boards.
9. List the funding sources that supported the study.
