INFORMATION ABOUT HILDE MANGOLD POSTDOCTORAL SYMPOSIUM
The Hilde Mangold Postdoctoral Symposium offers an opportunity to ALL participants to listen to some of the best selected from abstracts submitted by these junior investigators. Only current (2012 membership dues paid) postdoctoral members at the time of abstract submission are eligible to request consideration for a short talk at the Symposium. The winning abstracts by the best postdoctoral presenters at each SDB 2012 Regional Meeting are automatically entered into this pool for review and selection, forging a close connection among the SDB annual and regional meetings.

The two Symposium co-chairs, selected by the Program Committee will have the opportunity to learn about the peer-review process, session organizing and chairing skills. A Board of Directors member volunteers to mentor this process. Principal investigators/ lab chiefs/ faculty find this a very good occasion to recruit and evaluate potential candidates for positions in their laboratories or department.

Since 2010, the Best Postdoctoral Talk Award has been given to the top speaker as judged by a committee. This award (up to $1,500) gives the winner the opportunity to attend a course or meeting of his/her choice, upon approval.

INFORMATION ABOUT THE SDB 4th BOOT CAMP FOR NEW FACULTY
This Boot Camp is designed for untenured faculty and advanced postdoctoral fellows about to enter their first academic position who are interested in: improving their leadership/management skills, learning about different model organisms (frog, worm, sea urchin and fly), learning about teaching and mentoring. The Camp is offered by SDB’s Professional Development and Education Committee (PDEC), with partial support from our official journal Developmental Biology. The Department of Biology at McGill University will provide lab facilities and university faculty will co-teach the sessions with PDEC members.

The Camp will start morning of July 18 and ends at lunch of July 19. Capacity for the camp is 20 and it is restricted to current SDB members (2012 dues paid). The camp is offered free of charge and recruits may request housing reimbursement for two nights. The participants are responsible for their travel and meeting expenses as registration at SDB annual meeting is required.

Please submit the completed Application Form to SDB by May 28, 2012 by FAX (301-634-7825) or email (sdb@sdbonline.org) with “Boot Camp” as subject title.

Candidate for either of the two types of scholarships must be an author of an abstract submitted for the Meeting. Student applicants must be the first author of the abstract. Faculty applicants may be the senior author of an abstract. Selection criteria for both scholarships are based on: (1) scientific soundness of the study as described in the abstract, (2) financial need, including availability of other support, e.g. from the advisor and/or home
institution. Six scholarships at $2,000 each are available. Deadline for receipt of applications is **March 26, 2012** (5 PM East Coast Daylight Saving Time). Recipients will be notified in late April.

**INFORMATION REGARDING BEST STUDENT POSTER COMPETITION**

**Eligibility requirements:**
1. The first/presenting author must be a current SDB member and be an undergraduate or a graduate student.
2. The author must check the Best Student Poster Competition box on the online abstract submission form when submitting the abstract. This box is only available to student members who are in the membership database. Membership renewal takes 2 (two) business days to process. New membership applications are reviewed mid and end of each month. Please allow enough time for processing before submitting your abstract by the deadline. **Guidelines for evaluating the posters:**
Depending on the number of submissions, the judges may need to do a preliminary selection based on the quality of the abstracts. It is thus highly recommended that the abstracts be as informative and with as much data as possible. Statements such as “data to be presented and discussed” will not score high. Below are criteria for evaluating the posters which may be helpful in preparing your presentation.

1. **Quality of Science:**
   - Logic and rationale for study
   - Documentation of results
   - Quantification
   - Conclusions appropriate from the data
   - References cited where necessary
2. Impact on the field
3. Innovativeness of approach
4. Usefulness of a new technique
5. Appropriateness of the study organism for addressing the questions
6. Clarity of presentation and ease of reading
7. Number of authors on the paper
8. The intellectual input of the first author (judged in part by talking to the author and in part by analysis of other posters from the same laboratory).

**INSTRUCTIONS FOR EFFECTIVE POSTER PRESENTATIONS**
1. The poster board size is approximately 4 ft (height) by 6 ft (width) or 1.2 m by 1.8 m.
2. A label with the abstract program number (to be provided on the program assignment email at a later date), title, authors, and affiliations should be posted at the top of the poster board.
3. Charts, drawings, illustrations and text should be easy to read from about a 3 ft (1 m) distance.
4. Check spelling and abbreviations.
5. Post a copy of your abstract (original or corrected, as appropriate).
6. Do not overload the poster board.
7. If necessary, use numbers, letters or arrows to direct sequence of panels on the board.
8. Do not draw or write on the poster boards.
9. List the funding sources that supported the study.
