

*A Systems Biology Approach to Understanding Mechanisms of Organismal Evolution*

**Satellite Short Course of the Sixth International Meeting of the  
Latin American Society for Developmental Biology**

Universidad de la Republica & Institut Pasteur de Montevideo, Montevideo, Uruguay  
April 16-25, 2012

Organizers: Mike Levine, Ida Chow, Flavio Zolessi, Nibia Berois

**The Society for Developmental Biology makes these materials available through this website as a service to the community FOR EDUCATIONAL PURPOSES ONLY. These materials are not for commercial distribution, or posting on personal, institutional and/or class websites.**

**Instruction Materials**

[Luis Acerenza](#), Universidad de la República, Uruguay

**Detlev Arendt**, European Molecular Biology Laboratory, Germany

[Nibia Berois](#), Universidad de la República, Uruguay

**Siobhan Brady**, University of California-Davis, USA

[Maria Castelló](#), Instituto Clemente Estable, Uruguay

[Ida Chow](#), Society for Developmental Biology, USA

**Yolanda Cruz**, Oberlin College, USA

[Katia del Rio-Tsonis](#), Miami University, USA

**Brigitte Galliot**, University of Geneva, Switzerland

**Michael Levine**, University of California, Berkeley

[Nipam Patel](#), University of California-Berkeley, USA

[Rolando Rivera-Pomar](#), Universidad Nacional de la Plata, Argentina

[Alejandro Sánchez-Alvarado](#), Stowers Institute for Medical Research, USA

[Claudio Stern](#), London University College, United Kingdom

[Billie Swalla](#), University of Washington, USA

[Panagiotis Tsonis](#), University of Dayton, USA

**Flavio Zolessi**, Universidad de la República, Uruguay
